Are you looking for an exciting opportunity to change and impact someone's life?

Community Ventures Society is a non-profit agency that provides services to people with developmental disabilities. We are currently looking for potential caregivers (Christian family with available basement suite preferred) to share their home and parts of their life with an individual with a developmental disability.

Please note that this is a contracted position, and will require a current first-aid certificate (or willingness to obtain), a valid driver's license, and a clear criminal record check.

If you have a stable and caring home, live in the Surrey (**Clayton Heights/Cloverdale**) area, and preferably have experience supporting individuals with disabilities, please submit your resume and cover letter by email which provides a brief description of yourself, your family (if applicable) and your home. Please also be sure to include your education and/or experience working with individuals with developmental disabilities.

Please submit your resume by email to conor.macphee@communityventures.ca or by fax at 604-939-8075 (Attention: Conor MacPhee). We thank all applicants for their interest.
